### **President's Report**

Tom reported that he gave notice to the Civic Centre that the club has moved our monthly meetings to the Pembroke Airport. He would like members to decide what Sunday each month you would like to have flying at the Pembroke Airport. He advised that October 16 will be a fly date for this month and hereafter the last Sunday of the month including October 30, 2011.

### **Field Report**

The field is in very good shape. Tom said he will be getting the white lawnmower checked over plus our other 2 mowers ready for next spring. Tom advised that Lawrence Allard has kindly donated a tow behind roller for the field which Tom will modify so we can use it on our field. This will save us our annual roller rental. A big thanks to Lawrence Allard for this donation.

### **Flight Training Report**

No Report---We will have to get the vacancy of Chief Flying Instructor filled at the December meeting as well as some volunteer instructors.

### **Old Business**

Monthly fly days at Airport will be the last Sunday each month

**New Business**

Elections will take place at our December meeting  
Fun Fly will it be June 2, 2012?  
Auction—On hold

**Discussion:**

It was brought up about not having monthly meetings, but no motion followed. If this comes forward, it will have to have to be voted on (if we have a quorum).
