President's Report:

No report.

Bob Howard thanked Scott for all the hard work he has done at the field.

Flight Training Report:

Given by Bob Howard, as position is vacant. Only one confirmed student at this time.

Field Report:

- All metal has been separated. ABC Recycling will be picking up the metal on Thursday or Friday (May 5-6).
- Scott has rolled the field and general area once and will be rolling it again this week.
- Scott suggested that a nail pick-up and general cleanup be done this Saturday starting at around 09:00, bring rakes and shovels.
- Scott will arrange for the contractor to mow the field once a week, on an as needed basis. He will pay for the mowing and be reimbursed for his expenses.
- Scott also agreed to organize the construction of two replacement flight tables.

Old Business

Club officers

- We still need a Chief Flying Instructor.

Discussions of Interest

- Yvonne suggested that Club information cards be made, for distribution to prospective members or anyone interested in our club.
- It was also suggested that a online address area be created for access by members only. Yvonne is looking into this with Jim Childerhose's help.
- Members present felt that we should try to get out and fly every Wednesday evening, after 17:00. If the weather isn't appropriate for flying then we could have supper together.
- Jim Childerhose gave an information session on his DJI Phantom IV. It has a lot of new features and safeguards, making it easier and safer to fly than previous models.

Next Meeting

No meeting in June.
