### **President's Report**

No report

### **Field Report**

Thanks to those who came out to assist with the runway weed pull. A cultivator was used and seemed to do a good job. Tom moved an older club tractor back to the field, while our main tractor is out for repairs. It runs well but needs the blades sharpened, Tom will look after this in the next day or so. Efforts continue to reduce the number of weeds, either by hand pulling or applying weed killer.

Thank you also, to those who responded to Ken Klein's calls for grass cutting duties.

### **Flying Instruction**

Weather is still the most frustrating factor in setting up a training schedule.

### **Old Business**

- Our Club Fun fly will be held on June 20<sup>th</sup> .
- It will be an informal event consisting of flying, a barbeque lunch/supper (bring your own food).
- Start time is flexible, anytime after 10am. Wrap up will be early evening.
- Tom will be selling some R/C items that belonged to Lawrence Allard. The lower cost items will be labelled. The higher priced items will be sold through a silent auction, cut off for bids will be 15:00.
- In the event that the weather isn't suitable for flying Ken Klein offered to host a barbeque / get together for club members.

### **Next Meeting.**

The next official meeting will be September 2nd 2015.

Informal meetings will occur, at the flying field the first Wednesday of June and July, Bob H. will let us know if they are required.

Meeting was adjourned at 20:30.
