### **President's Report**

No report

### **Field Report**

The field will be cut a final time, prior to removing the mowers for season. Tom will tune up the mowers as they aren't starting or running very well. It was suggested that the club approach a farmer to see if we could get Round Up applied to the runway each season. Those in attendance thought it was a good idea.

### **Flying Instruction**

No report

### **Discussions of Interest**

- Bob Howard showed some photos from the EAA Air Venture Museum.
- There is a Zone meeting Oct 18<sup>th</sup>. at the Air Museum in Ottawa.
- Members in attendance thought the club still had enough members to continue.

Meeting was adjourned at 20:30.
